Soitec Annual Results

Fiscal year 2017/2018 Paris, France

Disclaimer

This document was prepared by Soitec (the "Company") on June 13, 2018 in connection with the announcement of the full-year FY'18 results.

This document is provided for information purposes only. It is public information only.

The Company's business operations and financial position is described in the Company's registration document 2016-2017 registered by the Autorité des marchés financiers (the "AMF") on July 4, 2017 under visa D.17-0720 (the "Document de Référence") and in the Company's FY'18 half-year report. Copies of the Document de Référence are available in French and English languages through the Company and may as well be consulted on the AMF's website (www.amf-france.org). The Document de Référence and of the FY'18 half-year report can also be downloaded on the Company's website (www.soitec.com).

Your attention is drawn to the risk factors described in Chapter 4 of the Document de Référence. A review of these risks factors has been conducted after closing of FY'18 first half and no new risk was found. This document contains summary information and should be read in conjunction with the Document de Référence and the FY'18 half-year report. In the event of a discrepancy between this document and the Document de Référence or the FY'18 half-year report, the Document de Référence or, as the case may be, the FY'18 half-year report, shall prevail.

The information contained in this document has not been independently verified. No representation, warranty or undertaking, express or implied, is made as to, and you may not rely on, the fairness, accuracy, completeness or correctness of the information and opinions contained in this document. The information contained in this document is provided only as of the date hereof. Neither the Company, nor its shareholders or any of their respective subsidiaries, advisors or representatives, accept any responsibility or liability whatsoever for any loss arising from the use of this document or its contents or in connection whatsoever with this document.

This document contains certain forward-looking statements. These forward-looking statements relate to the Company's future prospects, developments and strategy and are based on analyses of earnings forecasts and estimates of amounts not yet determinable. By their nature, forward-looking statements are subject to a variety of risks and uncertainties as they relate to future events and are dependent on circumstances that may or may not materialize in the future. Forward-looking statements are not a guarantee of the Company's future performance. The Company's actual financial position, results and cash flows, as well as the trends in the sector in which the Company operates may differ materially from those contained in this document. Furthermore, even if the Company's financial position, results, cash-flows and the developments in the sector in which the Company operates were to conform to the forward-looking statements contained in this document, such elements cannot be construed as a reliable indication of the Company's future results or developments. The Company does not undertake any obligation to update or make any correction to any forward-looking statement in order to reflect an event or circumstance that may occur after the date of this document. In addition, the occurrence of any of the risks described in Chapter 4 of the Document de Référence may have an impact on these forward-looking statements.

This document does not constitute or form part of an offer or a solicitation to purchase or subscribe for the Company's securities in any country whatsoever. This document, or any part thereof, shall not form the basis of, or be relied upon in connection with, any contract, commitment or investment decision.

Notably, this document does not constitute an offer or solicitation to purchase securities in the United States. Securities may not be offered or sold in the United States absent registration or an exemption from the registration under the U.S. Securities Act of 1933, as amended (the "Securities Act"). The Company's shares have not been and will not be registered under the Securities Act. Neither the Company nor any other person intends to conduct a public offering of the Company's securities in the United States.

> Key benefits

Paris

- Ultra low voltage operation
 Down to 0.4 V by corner trimming / bias trimming
 70% power reduction possible
- Performance gain
 By corner trimming / bias trimming
 « more bang for the buck »
- Dynamic switching between situation specific optimum operating points
 High performance ADAS systems: not always need for 100% performance
 Application / situation adaptive biasing
- New applications and use cases
 Due to new ultra low power sensors and microcontrollers (acoustic, MEMS, optical/light...)

> 200mm wafer sales up 9% excl. currency impact

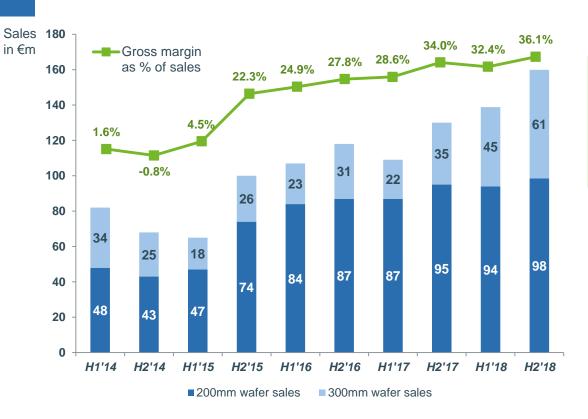

- Sustained demand for radio frequency and power electronics applications (mobile and automotive markets)
- Bernin I production site operating at full capacity; additional volume coming from Simgui's facility

300mm wafer sales up 95% excl. currency impact

- Strong growth in sales of FD-SOI, Imager-SOI, Photonics-SOI and RF 300mm
- · Stable PD-SOI sales
- Noyalties and IP sales include €4.4m one-off revenues

Continuous improvement in gross margin

- > Steady revenue growth over the last quarters
- > 200mm: industrial productivity further improved in Bernin I
- 300mm: utilization of Bernin II capacity increased to more than 50% in Q4'18 vs low point of 14% in Q2'17
